Journal of Health Science and Prevention

Volume 05 Nomor 01 April 2021

e-ISSN: 2549-919X

JHSP is an Open Access, blind peer-reviewed, biannual journal in the field of public health sciences and prevention. The journal aims to stimulate the dissemination of knowledge in the public health field, to improve the efficacy, effectiveness, and efficiency of public health interventions for improving populations health outcomes. JHSP publish by Health Science Consortium of UIN Sunan Ampel Surabaya in collaboration with PERSAKMI. In this issue, we discuss public health, preventive and social medicine as the primary publication topic. This edition contains various articles in Family planning, triple negative breast cancer, diabetes mellitus, schizophrenia, COVID-19, stunting, child development, personal protective equipment and immunization
